

**SUPERIOR COURT OF NEW JERSEY  
LAW DIVISION – CIVIL PART  
MERCER COUNTY**

**Devon Tyler Barber,**  
Plaintiff, pro se,  
v.  
**New Jersey Motor Vehicle Commission,**  
Defendant.

---

Docket No. **MER-L-002371-25**

**PLAINTIFF’S STATUS CLARIFICATION**

Plaintiff respectfully submits this brief status clarification to advise the Court of related proceedings and to confirm the limited scope of this action.

This matter remains confined to **administrative due-process issues arising from the Motor Vehicle Commission’s suspension procedures**, including non-response and the absence of a meaningful pre- or post-deprivation hearing. Plaintiff does not seek, in this docket, adjudication of municipal charges, police conduct, or the return of personal property.

Plaintiff advises the Court that in a related municipal proceeding, the municipal court declined to rule on a request for release of Plaintiff’s vehicle, stating on the record that it would defer pending guidance from the Superior Court. That development does not alter the nature of this action, which remains an administrative law matter concerning MVC process only.

Plaintiff submits this clarification solely to ensure the Court that he is not seeking overlapping or inconsistent relief across forums, and to maintain a clean procedural posture.

Respectfully submitted,

Date: 12/15/2025
